HOW GETTYSBURG CAN IMPROVE

Gettysburg Heads of Organizations Suggest Means of Improving the Town. An Old Home Week. More Manufacturing Plants.

The Gettysburg Times has asked a number of people connected with Gettysburg institutions and organizations to give their views of ways in which the town can be improved. Others will be requested to express their opinions from time to time and their views will appear in these columns. A few of the interviews are published herewith:

E. P. MILLER

(President Merchants' Association.)

Concerted action on the part of the business men of Gettysburg will mean a bigger and a better town. We all know that in union there is strength and a committee representing an organization can secure a desired end with far more success than one or several individuals could hope for. The caterer of the Retail Merchants' Association, formed less than a year ago, is sufficient proof of this. Its work has been marked with success in almost every undertaking and there are many things ahead which will add to its usefulness and which will demonstrate its worth. I think everyone with the interest of the town at heart should become a member of this association and that we should all join hands in trying to improve the town. Gettysburg has advantages exceeding any other town of its size in the country. Let us take hold of them and make out of them everything possible.

C. S. REASER

(President Law and Order Society.)

Gettysburg should have more manufacturing plants and, in my mind, there is no reason why it should not have them soon. Before coming to Gettysburg I was told that it was almost impossible for a factory to be made a success here on account of the college. I want to take this opportunity to state that instead of the college being a hindrance to me it has been a help. All of the people connected with the institution have shown the most friendly spirit and have aided me where possible. It has been said, I understand, that factories employing men could not be operated successfully here because the men would stop work in the Summer to cater in one way or another to the tourist trade. I have had no trouble whatever of this kind and from my experience I would brand the theory as false. The town has good railroad facilities, statements to the contrary notwithstanding, and I understand they are to become better before so very long. In my mind the time is ripe for more manufacturing plants in Gettysburg and I would like to see them come. Nothing will make the town more prosperous, nothing will make it grow faster. The business men of the town should realize this and act accordingly. Every week the majority of our pay roll goes to the business houses of town and we should have other plants doing the same thing.

BEN. F. KINDIG

(Secretary Hotel Men's Association.)

Why not make the coming summer one of the greatest in the way of attractions that Gettysburg has ever had. The National Guards are already spoken of as an assured fact, and their is a vague possibility of having Regular Army maneuvers here, if proper steps are taken in this matter, and to cap the climax why not have an "Old Home Week." Neighboring cities and towns are having celebrations of this kind and all have been very successful, most of them leaving a snug balance. I am sure the Old Home Week idea should appeal to all the business interests in Gettysburg and a committee appointed to solicit funds and form plans to further such a celebration. The money from an attraction of this kind would go more to the stores and other business places of town than does the money from National Guard week or from conventions. In this way more people would benefit by it and the revenue would be well distributed. There could be many unusual attractions procured and the week be made a pleasant as well as a profitable one for Gettysburg and its people.

HARRY WEBER IN A WISE BOY

No funnier show was ever conceived than "A Wise Boy" and with Harry Weber in the title role makes it the greatest musical fun show on the road. The specialties and musical numbers introduced are all snappy and well staged. The scenic equipment is complete and the light effects are dazzling. This big event is booked for Thursday, February 10, at Walter theatre.

FOR SALE: grand square piano, Apply 233 York street.

BIG DEMAND FOR HOUSES

Demand for Houses and Rooms in Gettysburg Promises to Exceed Supply. Many Inquiries Every Day.

Seldom, if ever, has there been such a great demand for houses and rooms in Gettysburg and from indications this early in the Winter it is safe to predict that some people will find themselves in a very uncomfortable position on April first unless they get busy and secure new homes.

Many apparently realize the fact that the supply of houses in Gettysburg promises to be less than the demand and this explains the early rush for homes. A day does not pass without one and sometimes a half dozen people calling at the office of this paper to learn what houses or rooms are advertised for rent.

This condition of affairs shows that the increase in population in Gettysburg during the past few years has been very rapid and is still continuing so. Scores of houses have been erected in this place for the several years past and still there are not sufficient to meet the demand. Of those calling at this office to inquire about houses and rooms the majority are people from the country who contemplate moving to town.

All these things point to prosperous times in the town. There is more opportunity for employment here than ever before and people are realizing that it is a good place in which to live. Business is brisk and the report of the census takers showing the increase in population, going with this, will be awaited with great interest by all.

For some time past people have amused themselves by discussing the probable population at this time. Figures vary considerably but the 3000 figure is thought by many to be not far wrong. In 1900 Gettysburg was credited with 3490 people. Since that time large numbers of residences have been erected and all are occupied, showing an undisputed increase.

Weikert—Everhart

A pretty home wedding took place at two o'clock this afternoon at the home of Harvey D. Bream in Cumberland township, when Miss Blanche Everhart and Mervin Weikert were united in marriage by Rev. Joseph B. Baker.

The ceremony was performed in the presence of the relatives and friends of the bride and groom and a dinner and reception followed the wedding.

The bride was gowned in white and carried white carnations. Her sister Miss Maize Everhart, was maid of honor. She wore blue and carried pink carnations. J. Howard Bream was best man. The home was prettily decorated with ferns, potted plants and cut flowers.

The bride is a daughter of the late Mr. and Mrs. William Everhart, while the groom is successfully engaged in farming near Fairfield. The Times extends its best wishes.

During the afternoon Mr. and Mrs. Weikert left on a wedding tour and upon returning will reside near Fairfield.

NEW BURIAL PLOT

McSherrystown, Feb. 3—A new burial plot for the Sisters of St. Joseph has just been completed in the rear of the academy and convent buildings on Main street. The bodies lying on the former plot were taken up and re-interred in the new cemetery. A substantial iron fence surrounds the plot, which was erected and all the other work executed there by Henry Rang and his son Joseph.

COASTING ON THE HILL

Large numbers of the young people of town were out on Baltimore Hill again on Wednesday night. Whistles and horns told of the rapid dash down the hill of the various sleds and cleared the way for the coasters. The one topic of conversation among the young people was the action of Council taken Tuesday night and the announcement of the Burgess that he would not sign the ordinance prohibiting the sport.

NO MEETING

Only a few of Gettysburg's base ball enthusiasts gathered at the Hotel Gettysburg on Wednesday evening in response to the call and no meeting was held.

P. O. S. OF A. MEETING

Initiation will be held by Washington Camp 414 P. O. S. of A. this evening. The meeting will be called at 7 o'clock and a full attendance of members is desired.

AIDED by a competent assistant I shall conduct a Summer school at Arendtsville. Your patronage is solicited. For further information address Roy D. Knouse, Abbottstown.

OFFICIALS LOSE THEIR DIGNITY

Court House Scene of Celebration when the County Officials Form Calithumpian Band and Welcome New Arrival.

For about five minutes this morning the various Court House officials completely lost their dignity and pandemonium reigned, the occasion of the demonstration being the dedication of the new office of Sheriff Fissel. The sheriff had moved his business office to the room provided for him among the other county notables and is now located in the "Hall of Justice."

Feeling that some suitable welcome should be given Adams County's guardian of the law, S. Miley Miller, chief custodian of the Court House, called together the various officials and deputies who formed in line of march at the entrance to the main hall with the following instruments:

S. Miley Miller, horn; Deputy Clerk of the Courts, Mary S. Thomas, trumpet; Prothonotary Taughinbaugh, one large stick and one small stick; County Treasurer Slonaker, oil can and board; Deputy Clerk to Commissioners, Miss Miller, one frying pan with paddle; Register and Recorder Appier, sheet of tin with drum stick; Janitor Martin, one large coal shovel; Clerk Jacob Thomas, various instruments. Reporters and workmen with others who happened to be about at the time gathered up other instruments suited to emit melodious tones and after three cheers for the Sheriff and his office the march was begun.

The door was thrown open to the visitors and the Sheriff greeted his guests at the point of a revolver. S. M. Miller whipped out another weapon and while he held the Sheriff in submission the noise continued for some minutes. Mr. Fissel then made a short speech of appreciation, telling of his pleasure at the visit and his keen enjoyment of the music. He also promised a treat for all the participants.

After another selection the band dispersed and the county officials once again resumed their dignified bearing.

APPLES BEST IN THE EAST

Philadelphia, Feb. 3—Adams county, Pennsylvania, is now raising the best and cheapest apples for Eastern consumption, declared C. J. Tyson, of Flora Dale, Adams county, secretary of the State Horticultural Society at the opening session here Wednesday of the joint convention of the Pennsylvania Stock Breeders' Association and the Pennsylvania Dairy Union.

He said that New York dealers sell their apples in Philadelphia and then buy Adams county product to meet the New York demand.

The exhibit of apples from all over the state is one of the most interesting shown at the convention and includes some of the apples that won the first prize at the recent meeting of the State Horticultural Society at Tunkhannock. Live stock, including horses and cattle and dairy products of all kinds are on exhibition and the winning exhibits in the various classes will be awarded cash prizes and silver cups.

Several hundred delegates and guests were present when the convention was opened in the Veterinary school of the University of Pennsylvania.

Dr. Hannam, of Philadelphia, has arrived to take the position in Dr. L. M. Buehler's drug store made vacant by the resignation of Dr. C. M. M. Drum.

Mrs. Frank Eberhart has returned home after a month's visit with her daughter, Mrs. T. A. Faust in Newark, New Jersey.

DOG WITH NERVE

The "York Springs Comet" is the authority for the following: "A stray dog turned up at the home of one of our uptown residents one day last week and received a full meal after which the animal proceeded to the chicken house and devoured a dozen 34 cent eggs. Of course the townsman was highly incensed and he gave Tom Stevens a quarter to take the dog out and shoot it. Tom took the dog home and sold him to a Hunter-town party for a half a dollar and this week the canine has turned up in York Springs again and has resumed the egg sucking business at the old stand."

WILL GIVE ENTERTAINMENT

The Clover Leaf Society of the High School will give an entertainment on Friday afternoon in the new High School building at two o'clock.

MUCH SUFFERING IN PARIS
Flood is Subsiding, But Distress in Suburbs is Unrelieved.
Paris, Feb. 3.—Rain and snow have fallen for several hours, reawakening the flood fears of the Parisians. There is as yet, however, no real ground for alarm. The floods continue to subside. Communication is being restored on all sides within the city, although much still remains to be done. Section after section of the underground railway is reopening, but it will perhaps be six weeks before the whole line can be used. The other railways, except the Northern, are still much disorganized. The retreating waters have exposed to view yawning gaps in the pavements, while stranded boats and bits of wreckage here and there indicate how far the river wandered from its normal course.
Except for the distribution of food the distress in the suburbs is still unrelieved. The water there is still deep in the houses and factories. Work cannot be obtained. Access from Paris is also very difficult.
The prefect of police has forbidden the throwing of confetti during the carnival celebrations next week, lest it block the sewers. Some of the newspapers are urging that the carnival celebrations be abandoned and that the money ordinarily spent on them be devoted to the sufferers.
The greatest energy is being shown by the health department, with the view of forestalling an epidemic. Many tons of disinfectants have been distributed already, and the work continues ceaselessly.

REPUBLICANS UNITED FOR TAFT BILLS
The Leaders Agree on Legislative Program.
Washington, Feb. 2.—The administration program, as revised by leaders of the senate and house and given the stamp of White House approval, comprised the following legislation:
Statehood for Arizona and New Mexico in the form of the senate bill, which provides for ratification by congress of the constitutions of the new states after approval by the president.
Postal savings banks, with safeguards against funds being transferred from sections where originally deposited to the money centers.
Giving to the president authority to withdraw from entry public lands desired for conservation purposes or for classification, the withdrawals to remain in force until revoked by him or by acts of congress.
Federal incorporation open to the voluntary application of concerns engaged in interstate business and willing to subscribe to federal regulation.
Creating a court of commerce and amending the interstate commerce act as provided by the Townsend-Elkins bill.
Creating a legislative council for Alaska, the members to be appointed by the president.
All of the measures designated are to be enacted into law if the influence of President Taft and congress leaders, who are in charge of the machinery of the senate and house, is powerful enough to carry the program through. There is no indication that there will be any division of Republicans along "insurgent" and "regular" lines, although it is known that certain individuals of both factions may oppose features of several of the bills.

WASHWOMAN WILL BE GOOD
South Carolina's Going to Stop Them Wearing White Folks' Clothes.
Columbia, S. C., Feb. 3.—Representative J. H. Foster introduced a bill in the house prohibiting washer women from wearing their patrons' clothes.
It is customary in the south to employ a colored woman to do the general family washing. The work is done at the woman's home, and she collects and delivers the clothes.
As a result it is not infrequently the case that the "white lady" sees her embroidered skirt walking around on the person of the washer woman or some of her friends, or the master finds his shirt on the back of the washer woman's husband.
The washer woman, when accused of "delaying" any particular piece of wearing apparel, excuses herself by saying that it had been "done up" but somehow got soiled again.
The woman of the house might frequently discharge the washer woman for wearing her clothes, but the next day would be the same thing. The bill is to make their practices illegal and punishable by fine or imprisonment.

Great Salt Lake in Flood.
Salt Lake, Utah, Feb. 3.—Word has been received from Ogden that the great Salt lake, which was said six years ago to be disappearing, is dashing over the western end of the Southern Pacific Lumber cut-off and threatening trains. The lake is now higher than at any time within the memory of white men.

Even Horses' Food Jumps.
Chicago, Feb. 3.—The "increased cost of living" for horses was cited as one of the reasons for nearly 70 per cent advance in suburban express rates out of Chicago. It is said that since 1909 the average expense of keeping a horse for one month has advanced from \$12 to \$17.

Several Bodies Still in Sight After Explosion.
MANY ARE STILL ENTOMBED
Wildest Excitement Followed Disaster and Agony of Relatives Urged Rescuers to Desperation—Ten Taken Out Alive.
Drakesboro, Ky., Feb. 3.—Thirty-five are known to be dead as the result of a mine explosion here. Twenty-nine bodies have been recovered and six others are known to have lost their lives.
It is known that nearly a score of miners were mangled by the force of the concussion, many of whom are so badly injured that they cannot recover.
Rescuers are working desperately to save the entombed men who are still imprisoned. There are from thirty to sixty men supposed to be still entombed in the shaft. Ten men have been taken out alive, five of whom are badly injured and the remainder are practically unhurt.
The disaster was followed by a scene of the wildest excitement, which could only be called panic. When it became known that many men were still in the mine, whose lives, if they had survived the explosion, were in momentary jeopardy, the agonized urging by the hundreds of women and children who had gathered about the mouth of the mine, that the work of rescue should instantly begin, only added to the desperation of the volunteers. For six hours they had to wait before the gases that had accumulated in the entrance had been dissipated sufficiently to permit them to descend to the 170-foot depth where the explosion had occurred.
The damage to the mine was confined to the east entry. At the time of the explosion more than half of the 100 men in the mine were near the west entry, and so escaped destruction. They were hauled to the surface in the cages in rapid relays. Later numbers of men in the east entry fought their way through the debris and poisonous gases to the shaft and were elevated to the surface with frenzied haste.
The greatest loss of life occurred in workings a few hundred feet from the foot of the main shaft. No fire followed the explosion, nor were the fans put out of working order, circumstances which will greatly facilitate the work of the searchers.

COLORADO DISASTER
Forty-three Dead and Sixty-five Missing at Primero.
Primero, Colo., Feb. 3.—Sixty-five men are still missing in the disaster at the mine of the Colorado Fuel and Iron company. The known dead number forty-three. Only one miner has been brought out alive, and it is believed that all the missing men are dead. The majority of the victims were foreigners and negroes.
The money loss to the Colorado Fuel and Iron company will reach \$100,000.
There is still mystery as to the cause of the explosion, although many theories are advanced. Possibly the truth may never be known. One of the miners might have smuggled in a match and set off the explosion lighting a cigarette. Another theory is that one of the safety lamps failed to work and caused the explosion just as the man who carried it was about to walk out of the mine.

MEXICAN MINE EXPLOSION
Many Men Killed in Disaster at Las Esperanzas.
Laredo, Tex., Feb. 3.—Word has reached this city of a terrific explosion in a mine at Las Esperanzas, Mexico. Many are reported killed. A detailed report of the explosion has been wired to the governor of the state, and pending his action nothing is being given out.
Las Esperanzas is exclusive a coal mining district and employs Mexicans and Japanese.

U. S.-GERMAN CRISIS
Agreement or Rupture on Tariff Negotiations Expected Today.
Washington, Feb. 3.—It was announced at the state department that either a complete agreement or a rupture between Germany and the United States on the present tariff negotiations might be expected today.
The cattle and meat inspection issue are the sole stumbling block.

Dining as honored guest with the governors of various states was "Private" John Allen of Mississippi, whose very whimsical way of saying things makes people smile. He told himself what happened when he was once called on to speak. "I got up and said," explained "Private" Allen, "that I came with the understanding that I was not to speak during this trip. Then some one cried from the other end of the room, 'Yes, and I came with the same understanding.'"

FINDS "DEAD" HUSBAND
Veteran Turns Up After Forty-seven Years.
Wabash, Ind., Feb. 3.—In a wood-chopper at work near her home, Mrs. Albert Holly recognized her husband, whom she had not seen since he had marched away a soldier in the Civil War forty-seven years ago.
She believed he was killed in battle and sold her home and moved away. He could not find her when he returned from the south and became a wandering carpenter.
Mrs. Holly married James Stull a few years after the war. For forty years they lived happily together. Ten months ago he was thrown from his car and killed.
Holy and his wife will now remarry.

Italian, Sentenced at Wilmington, Creates Scene in Courtroom.
Wilmington, Del., Feb. 3.—Joseph Sigerella, an Italian, was sentenced to be hanged on May 27 at the workhouse here. Last March he was convicted of attacking Mildred Poor, a young American girl.
His case was appealed to the supreme court, which affirmed the decision of the court below, and the sentence followed.
Sigerella made a statement to the court declaring he was innocent, creating a scene in court.

EXPERT ELECTRICAL WORKERS IN DEMAND
Westinghouse Company is in Need of 300.
Pittsburg, Feb. 3.—The Westinghouse Machine company sent six men to different parts of the country to gather in 300 expert electrical workers, those skilled in the making of automobiles. A promise of long employment will be given those who will come to the Pittsburg district, as the big manufactory admits inability to get all the high class workmen it needs. The rush of business at this time is unprecedented. An order for 300 auto motors received within the past two days must be rushed, and this brings out the fact in Pittsburg that ten of the leading auto manufacturers of the country are counting on turning out an aggregate of 150,000 automobiles during the present year. Contracts for over \$1,000,000 worth of rubber work on the autos have been let in Pittsburg recently.

PLAN LOCAL OPTION FIGHT
Anti-Saloon League to Have Full Legislative Ticket.
Harrisburg, Pa., Feb. 3.—The Pennsylvania Anti-Saloon League will announce its policy in regard to legislative candidates at the annual meeting to be held here today. Whether it will go into the gubernatorial campaign is not known.
Rev. S. E. Nicholson, state superintendent, said the local option issue would be fought out in every county and that the reports to be made to the league would show a list of strong candidates.

Did Not Recognize Her Son.
York, Pa., Feb. 3.—Having left his home here thirty-five years ago at the age of eighteen, P. Oliver Stambaugh returned home for the first time. So great a change had been wrought in the years of absence that neither the son nor the mother, when they met, recognized each other. He has been in the west during his absence from this city.

The Only Way
Many Gettysburg Citizens Have Discovered It.
Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.
There is one remedy that acts directly on the kidneys and cures these troubles. Doan's Kidney Pills owe their world-wide fame to the fact that they cure sick kidneys and cure them permanently. Follow the example of this Gettysburg citizen and you will be convinced that this is so.
Mrs. Frank Tawney, 28 Breckenridge St., Gettysburg, Pa., says: "Doan's Kidney Pills have been used in my family with excellent results. I publicly endorsed them two years ago and hold just as high an opinion of them at this time. A member of my family was afflicted with kidney trouble for years and probably inherited it. This person suffered great deal from pains in his back and sides and was unable to control the kidney secretions. A cold always aggravated the complaint. When I saw Doan's Kidney Pills advertised, I procured a box at the People's Drug Store and their use effected a complete cure."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

FALLING HAIR
Many People Have a Simple Way of Stopping It.
It was Dr. Sangerbon, of Paris, who first discovered that dandruff and falling hair were caused by a microbe.
And now that Parisian Sage, the remedy that kills the dandruff germ is sold in every town in America, the clean people of this country have awakened to the fact that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped, and that people who use Parisian Sage will never grow bald.
To every reader of the Gettysburg Times who wishes to eradicate dandruff, stop falling hair, and have an immaculate clean scalp, free from itching, make this offer:
Parisian Sage is sold by druggists everywhere, for 50 cents a large bottle. It is an ideal, daintily perfumed hair dressing, free from grease and stickiness, and will cause hair to grow lustrous and luxuriant. Sold and guaranteed by People's Drug Store.

SENSATION IN SUGAR CASE

Says Immunity Plea is Admission of Guilt.

DEFENSE LAWYERS SWAMPED

Charles R. Heike's Claim For Amnesty In Underweighing Frauds Receives a Setback.

New York, Feb. 3.—On the charge of conspiracy to defraud the government, Charles R. Heike, secretary of the American Sugar Refining company, appeared in the United States circuit court and claimed immunity. Five others are also under indictment on the same charge.
Through his counsel, John B. Stanchfield, Heike entered a plea in law, alleging that he had been called by United States District Attorney Wise to testify before the grand jury in an interstate commerce proceeding and that he had been compelled to answer questions which incriminated him.
Heike's plea came as a total surprise to Henry L. Stimson and Winfred T. Denison, the government's special counsel in the sugar fraud cases. They had not received information from District Attorney Wise or anybody else that Heike had received immunity, or that he had given such testimony as would bar his prosecution in the underweighing frauds.
Mr. Stimson filed a replication, however, which stated that Heike's plea was virtually a confession of guilt, and that the government was ready to go to trial on the issue as to whether Heike was immune.
"If a jury is permitted to pass on that point," said Mr. Stimson, "and finds that the government has proven that this defendant did not testify before the grand jury as he has alleged in his plea in law, then I shall move that he be sentenced on the ground that this very contention was an admission of guilt and that a legal conviction has been secured."
Mr. Stanchfield and George S. Graham, of Philadelphia, who is associated with Stanchfield as Heike's counsel, conferred for a few minutes. They were evidently as much surprised at Mr. Stimson's counter attack as he had been at the grounds for an immunity plea.
Says it is monstrous.

"This proceeding," said Mr. Stanchfield, "is a monstrous one. I don't believe that counsel for the government have been fair in this matter. I had no knowledge that the government was going to take this attitude and am not prepared at this moment to continue argument on the points raised."
Mr. Stimson's contention was that while Heike may have testified before the federal grand jury in a proceeding connected with the wrecking of the Pennsylvania Sugar Refining company, brought under the Sherman law, he did not testify before any grand jury in the underweighing fraud cases. He declared that Heike had never claimed immunity from prosecution in the underweighing frauds, but if he insisted on entering that plea the government would take the ground that the plea itself was a confession of guilt, and that Heike should be sentenced forthwith if a jury determined for the government in the issue raised.
The others indicted for conspiracy, Ernest W. Gerbracht, James F. Bendoragel, Harry Walker, James F. Haligan, Jr., and Jean Oelker, were in court, ready to enter immunity pleas, but their cases were continued until a decision is made in Heike's case.

ROAST SQUAB FREE
Burning of Pigeon House Provides Dinners For Poor Families.
Greenwich, Conn., Feb. 3.—Many poor families here dined off roast squab as a result of the burning of a part of the plant of the Stonybrook squab farm, owned and operated by Drexel T. Hubbard. As soon as dawn broke several men were about the grounds picking up the birds which had dropped dead yards away over the fields.
The fire started in one of the pigeon houses. A door was opened to let the birds escape, but most of them had been burned.
The timely arrival of an automobile chemical engine from Greenwich, four miles away, saved the other buildings on the place.

New Style of Postal Card.
Washington, Feb. 3.—Although the souvenir picture postcard has to a certain extent replaced the ordinary postal card as a carrier of short messages, the regulation card has an enormous sale, amounting to many millions every year. The demand will be increased for a new style card, that will be placed in the postoffice this week. This card is printed on a better quality of lighter paper and is of a bluish tint. It bears the portrait of McKinley.

ITCHING ECZEMA WASHED AWAY
Is it worth 25 cents to you to stop that awful, agonizing itch? Surely you will spend 25 cents on your druggist's recommendation, to cool and heal and soothe that terrible itching eruption?
By arrangement with the D. D. D. Laboratories of Chicago, we are able to make a special offer of a 25-cent bottle of their oil of wintergreen compound, known as D. D. D. Prescription. Call, or write or telephone to People's Drug Store.
We absolutely know that the **itch** is stopped AT ONCE by D. D. D. Prescription, and the cures seem to be permanent.

\$37,000,000 FAILURE

Receiver For Mexican National Packing Co., N. J. Corporation.

New York, Feb. 3.—The Mexican National Packing company, a New Jersey corporation, controlled by English investors, and operating a string of slaughter houses and packing houses in the republic of Mexico, under special concessions from the Mexican government, failed, with liabilities, including stock, of approximately \$37,000,000.

Assets were not announced. It is estimated they are in excess of liabilities. The company will continue to operate its plants as usual. Henry DeKay was appointed receiver by Judge Lanning in the United States circuit court in New Jersey.

The appointment of a receiver was not brought about by any condition in the live stock market, but by the tying up of part of the company's funds in the United States Banking company, in Mexico City, which suspended recently.

Among the concessions held by the company is an exclusive right to slaughter cattle in Mexico City until 1926. Its share capital is \$22,500,000, and it has a bonded debt secured by mortgage of about \$12,500,000, and a floating debt in the neighborhood of \$2,000,000, of which, however, only about \$300,000 is due. The bonds, stock and debts are held mainly in England.

COHEN ADMITTED TO \$1500 BAIL

Waiter Who Eloped With Heiress Held For Conspiracy.

Philadelphia, Feb. 3.—At the end of a prolonged and at times sensational hearing, Judge Staake admitted Ferdinand D. Cohen, the waiter, to \$1500 bail on the charge of abducting Miss Roberta De Janon, the heiress.
Judge Staake at first set the bail at \$2000, but Maurice J. Speiser, counsel for Cohen, said that District

FERDINAND COHEN.

Attorney Rotan had agreed to accept \$1500. The court then made this reduction, with the comment that it was not good judgment to accept the small sum.
Incidentally the prosecution brought a new charge against Cohen, accusing him of conspiracy with his wife and the girl in defrauding the latter's grandfather of the natural rights of guardianship.

MAY ARBITRATE WAGE FIGHT

Western Railroads Refuse Demand of 32,000 Firemen.

Chicago, Feb. 3.—The General Managers' association, representing the railroads and forty representatives of the Brotherhood of Locomotive Firemen, representing 32,000 firemen, failed to agree on the wage question and adjourned. The railroads offered to submit the question to arbitration.

The following statement was given out by the general managers at the close of the conference:
"The two committees failed to reach an agreement and the railroads have offered to submit the wage question to arbitration, which the labor leaders will in turn refer to a vote of their members."
"The conference was conducted in harmony throughout."
The men demanded a raise of from 20 to 25 per cent.

Peary Will Go After South Pole.

Knoxville, Tenn., Feb. 3.—The executive board of the Anti-Extortion Price association, recently organized here, appealed for a boycott on meat to continue indefinitely.

Ballinger Will Have Counsel.
Washington, Feb. 3.—Richard A. Ballinger, secretary of the interior, has decided to engage the services of a attorney to represent his interests before the joint committee of the senate and the house which is investigating the allegations of Louis R. Glavis against Mr. Ballinger's conduct of the interior department.

Ten cents' worth of creosote will add more than a dozen years to the life of a twenty cent post. At these figures it pays to give the treatment.

SENATE PUSHES LIVING PROBE

Republicans Fear Delay Will Hurt Party in Elections.

AN AWKWARD PROBLEM

Committee of Five, Headed by Senator Lodge, Will Seek Cause of Advanced Cost of Necessaries and What Can Be Done to Restore Normal Prices.

Washington, Feb. 3.—Frankly admitted fear that a prolonged investigation of the increased cost of living by the ways and means committee of the house, or as provided for by any of the rival resolutions might drag throughout the summer and work to the disadvantage of the Republicans in the elections next fall, the senate finance committee formulated a program for a quick, sharp inquiry of the subject in all its phases.

This important question was considered by the Republican members of the committee, and as a result Senator Lodge introduced in the senate a resolution, providing for the appointment of a select committee of five senators to do the work.

Problem Embarrassing.
No problem, it is said, has proved so embarrassing to the Republican party during its long-continued control of congress. When the majority members of the finance committee met consideration was given to demands from every section of the country that something be done to restore normal prices on all necessities of life. Several senators declared that the high prices would be attributed directly to the tariff and that unless something were done to refute these charges the Republican party would be compelled to bear the brunt of the attack.

Suggestion was made that the proposed investigation by the ways and means committee of the house would accomplish every purpose, but after examination of the resolution introduced by Chairman Payne it was characterized as a "dragnet." The opinion was expressed generally that such an inquiry was proposed by the house would not be concluded in time to be of assistance to Republicans in their campaign for re-election.

Lodge as Leader.
Senator Lodge, after remonstrating vigorously, finally agreed that he would undertake to conduct a right investigation and report to the present session of congress if he were chosen the head of a committee. Acting upon that promise, a resolution was drafted and later introduced by Mr. Lodge, providing for the committee of five senators. Senator Lodge has requested that Senator Snoot also be assigned to this committee. Both are members of the finance committee and were recognized as hard workers during the preparation of the tariff bill.

As drafted the Lodge resolution will include an investigation into the cost of the necessities of life, with an especial view to determining whether there has been an increase during the past two years. It directs that the inquiry shall cover the question of wages, with a view to ascertaining whether they have been increased in proportion to the advanced cost of necessities. It was referred to the finance committee, which is committed to its approval and to a prompt report.
